REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Lake View High School is so proud to present their 2013-2014 School Report Card to teachers, parents, students, and community members. Lake View High School serves academically and athletically talented students in grades 6 through 12. Mr. Edison Arnette, a seasoned leader of 23 years, is the principal. Under his leadership, Lake View High School has climbed the ladder of success. Lake View High School has been the recipient of the impressive Palmetto Gold Award six times and last year LVHS received a B rating with a score of 83.1 according to the ESEA Federal Accountability System. These accomplishments honor the hard-work by our teachers, parents, and especially our students. This great accomplishment represents the high expectations for which students as well as teachers strive to achieve. Also, with this academic achievement LVHS continues its commitment to the mission of developing lifelong learners and producing productive members of society.

The Lake View High School faculty and staff are committed to build rigor, relevant, and positive relationships to enhance student learning. Curriculum planning and implementation of standards based instruction was continued to guide student achievement. A comprehensive testing plan for the 2013-2014 school year was developed using information from MAP, HSAP, EOC, PASS, SAT, and ACT data. The following programs were implemented to assist in identifying aiding At-Risk Students, (Tutoring, Mentoring, Military ASAB testing, Career Counseling, PAXIN Program, Credit Recovery and Trinity Behavior Counseling).

Student test scores continue to improve. Many opportunities are in place at Lake View High School to provide our students with new avenues to excel. Students are still provided more and more chances to develop their skills through programs such as The Reading Counts reading program, A Plus Credit Recovery System, SAT workshops and software packages for remediation and enrichment. With the partnership with Northeastern Technical College, students are able to receive dual credit; college credit as well as high school credit. This articulation agreement will allow students who successfully complete certain course work a head start into their next level of education beyond high school.

In the face of this challenging time, we continue to have obstacles that have a direct impact on our goal of providing educational excellence. Teacher recruitment, financial concerns, student apathy, parent involvement, professional training, and community support are serious issues to be addressed. Through all the difficulties, discipline issues continue to decrease, the Attendance Rate continues to increase, and the new construction/remodeling of the school facilities creates a positive tone for achieving our goals. Unfortunately the poor economic base still generates a negative tone which could discourage us. We are determined to find new innovative methods of using our limited resources to help each and every child succeed.

To provide each of our students the highest quality of education, the talents, strengths and skills of students, parents, teachers, and community members must be combined and used to enhance academic and social success. It truly takes, “All hands working together to increase Student Academic Success.” Lake View High School is committed and determined to provide a quality education which rewards our community with citizens that are skilled and are life long learners to be productive
